

## ELECTRONICS REPAIR

The world of electronics and industrial computers is in a state of constant change. Needs fluctuate day to day and repairs require timely solutions in order to minimize downtime. York is a company that not only is innovative, but also has integrity and dedication. York's Electronic Repair Division proudly provides customers with exceptional quality, service and value. You can place your trust in York when your company demands rapid repair of industrial electronics including: monitors, variable frequency drives and servo amplifiers. York is ***The Power Behind Your Productivity™***.

## SERVO AMPLIFIER REPAIR

York employs complete closed-loop systems to qualify our repair as if it was in your facility. Our dedicated systems include Allen-Bradley, Indramat, GE Fanuc/Fanuc and Modicon. Exchange programs are available for these brands and many others. Visit our e-Store for details at [www.yorkrepair.com](http://www.yorkrepair.com). Please contact your sales representative to find out if we have a system for your specific product.

We repair these series of servo systems and more:

- Allen-Bradley: 9-Series, 1388, 1389, 1391, 1392, 1394, Ultra 3000 and 2098
- GE Fanuc: C-Series, Alpha Series, Servo and Spindle, Beta Series and S-Series Servo and Spindle
- Indramat: Anax, Diax 01, Diax 02, Diax 03 and Diax 04
- Modicon: 410, Cyberline and Lexium

**For more information, visit our web site at [www.yorkrepair.com](http://www.yorkrepair.com).**

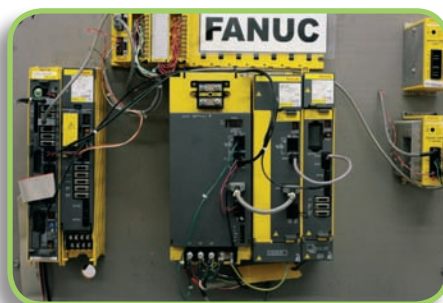

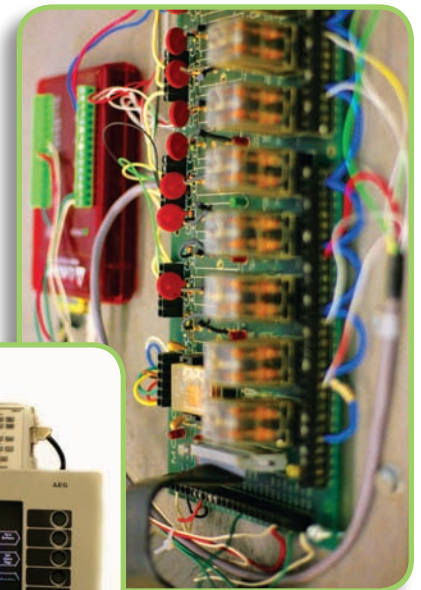

## VARIABLE FREQUENCY DRIVES REPAIR

York can assist with variable frequency drives repair to the component level. We also provide system testing with the equivalent hp motor and have load testing available. Call your sales representative to discuss what your needs are and how York can help your business.

## INDUSTRIAL MONITOR/ INDUSTRIAL COMPUTER REPAIR

York services a variety of systems and can complete specialized and custom repairs. We also convert monitors from the older CRT style to newer LCD style on obsolete products. This retrofit can save thousands of dollars versus integrating a new monitor or operator interface package. Please contact your sales representative for a complete list or to find out how we can solve your industrial monitor repair needs.
