RepairZone.com is the online store where you can **Buy** or **Exchange** for new and remanufactured industrial automation equipment, at a fraction of the cost of buying new. We are a division of **York Repair**, which specializes in the **Repair** of Industrial Electronics from boards to drives, Servo and Electric motors, and other Industrial equipment. At a time when everyone is taking a long hard look at their bottom line, **RepairZone.com** is a tool to help keep you running smoothly and turn those bottom lines into something to smile about.

REMANUFACTURED

This is the majority of our inventory which has been fully reconditioned to factory specifications. These are A-quality products backed by a six-month warranty and sold to you at a cost savings of 40 to 60%.

EXCHANGE

A very unique service we provide where you can exchange your defective equipment for one of our Remanufactured items. This will bring even greater savings to you and eliminate downtime. The item is shipped immediately to your facility and a repairable core is due back to us within 10 business days.

REPAIR

The backbone of our business! You ship us your defective equipment, we perform quality repair services with our highly skilled technicians, then ship it back to you, quickly. Emergency Service available.

WHY STOCK IT? EXCHANGE IT.
